OPEN CIVIL WAR CONFERENCE ON NOVEMBER 19

"Problems of the Confederacy" will be the theme of Gettysburg College's fifth annual Civil War Conference to be held November 19, 20 and 21, Dr. Robert L. Bloom, director of the conference, announced today.

Several distinguished Southern historians will discuss the problems of the Confederacy while others will serve as commentators during the three-day program.

Among the Southerners who are expected to be present are: Prof. James W. Silver, University of Mississippi, who has engaged the lecturers; Prof. Bell I. Wiley, Emory University, Atlanta, Ga.; Prof. Clement Eaton, of the University of Kentucky; Prof. Rembert W. Patrick, of the University of Florida, and Mrs. Lenoir Chambers, Norfolk, Va., author of the recently published two-volume biography of T. J. "Stonewall" Jackson.

Among those who serve as commentators are Charles P. Roland, Tulane University; Otis A. Singletary, chancellor, the Women's College of the University of North Carolina; Charles H. Wesley, president of Central State College, Wilberforce, Ohio; Col. John M. Virden, U.S.A. (ret.), of Chevy Chase, Md., and Prof. Horace Montgomery, University of Georgia.

TOUR BATTLEFIELD

There will be a conducted tour of the Gettysburg Battlefield by National Park historian, Dr. Frederick Tilberg; a concert of Civil War songs by the Gettysburg College choir; greetings from Gettysburg College by President Carl A. Hanson; a complimentary showing of the electric map through the courtesy of Joseph Rosensteel and a concert of Civil War airs by the Gettysburg College band.

All conference sessions will be held in the Student Union building. Civil War memorabilia will be on display at college Civil War Institute throughout the three days of the conference.

The conference is open to all interested persons, Dr. Bloom said. There is no tuition or registration fee and the sole prerequisite for attendance is an interest in the topic. Anyone desiring further information about the conference may call or write Dr. Bloom at the college.

HANOVER SHOE HISTORY GIVEN

A history of the Hanover Shoe Co. was presented to the Rotary Club Monday evening at its meeting in the YWCA by Felix Weisiger, vice president and sales manager of the concern.

Telling the Rotarians that Hanover Shoe "is the very old and very prominent company in the shoe business," Weisiger presented a film made from a television show entitled "New Horizons" in which Drew Pearson interviewed Lawrence Sheppard, president of the company, and Weisiger. Films were shown of the work at Hanover Shoe and of the Hanover Shoe farms.

In the film Lawrence Sheppard told of the founding of the company by his father in 1890 and of the establishment of the company's first retail outlet in York. He said his interest in horses, which led to Hanover Shoe Farms establishment in 1926, came from the fact that he "grew up with horses" and his earlier remembrances include driving to York with the shoes made by his father's company.

HAVE 115 STORES

Where the company had one store in 1900, it has 115 today throughout the eastern United States, with a few west of the Mississippi. According to the film, the company was the first to establish its own stores to sell its shoe. Lawrence Sheppard said in the film that his father had been a shoe salesman and decided to establish his own factory and stores because of his belief that in that way the public could get better shoes at a lower price. According to the film a number of other companies have since adopted that practice.

According to the film, 230 employees of the company have been with it 25 years or more. Vice President Clark S. Smith introduced the speaker. The president, Dr. Richard Newsham, presided with 47 present. Dr. Frederick Tilberg and Dr. Frederick Shaffer led group singing.

Federal Deficit Is Increasing

SAN FRANCISCO (AP)—Secretary of the Treasury Douglas Dillon today broke the news of a further expected increase in the federal deficit. This year's budget, he said, will be "somewhat more than \$6.75 billion" out of the balance.

Dillon said that record harvests—requiring huge farm price support outlays—and the growing postal deficit have caused the red ink to run deeper than expected.

But Dillon, in an address for the annual meeting of the American Bankers Association, discounted the possibility that the excess of federal spending over receipts would in itself cause inflation. He also renewed the Kennedy administration's promise of a balanced budget for fiscal 1963, starting next July 1.

"This is exactly what the President intends to submit to the Congress in January," Dillon told the bankers.

LUTHERANS DISCUSS NEW DISTRICTING

Proposals to divide the present York Conference of the United Lutheran Church into two or four districts under the new Lutheran Church in America were debated Monday afternoon at the eighth annual meeting of York Conference.

Some churches not now in York Conference would be included in the new districts, such as Abbotstown and Littlestown churches.

Rev. Dr. Beryl Maurer, the synodical director of research and development of Central Pennsylvania Lutheran Synod, reported to delegates that a special synodical committee working on the problem had proposed division of the conference into two districts, York and Hanover.

THE OBJECTIONS

Delegates held out for a four-district division on the grounds that York district in particular would be a little too large and unwieldy, according to conference secretary, Rev. James Nace.

Dr. Maurer will meet with the conference executive committee in the near future to resolve the division problem.

The conference is scheduled to be dissolved about next October when the merger is effective.

A four-district division probably would consist of York city, Hanover, and two other districts whose boundaries have not yet been even tentatively drawn, Rev. Nace said.

SEVERAL ARGUMENTS

Arguments against two districts were several, he said.

For one, the constitutional directive for the new church calls for each district, unless through special exception, to have between 20 and 40 congregations.

In the case of this synod, with its multiple charges, the two-district proposal would have 61 congregations in York district and 21 in Hanover. If divided evenly, it would include in Hanover district some churches that are not oriented to Hanover.

Sociological differences in the latter case were important, it stressed.

Because the conference will be dissolved next year, bylaws were set aside and those present officers of the executive committee who normally would have come up for re-election were retained.

SORORITY TO AID HOLIDAY BUREAU WORK

Xi Alpha Chi chapter of Beta Sigma Phi Monday evening voted to assist the local Holiday Bureau in its Christmas projects program this December.

Miss Grace Myers was named chairman of the committee to assist the bureau with Mrs. Alexius Chritzman, Mrs. Selmar Hess, Mrs. John Emanuel, Mrs. Carl McCans and the Misses Mary Lou Kranias and Helen Spangler as members of her committee.

The Holiday Bureau annually serves as a clearing house to secure names of persons in need and provide names to groups and individuals wishing to provide food, clothing, or other gifts to needy families at Christmas time.

VOTE DONATIONS

The members of the sorority met for dinner at Earle's Restaurant and then held their business meeting at the home of Mrs. Alexander Griest, Twin Oaks. Mrs. Hess, the president, presided.

The chapter voted \$10 to the Community Chest and \$2 to the Adams County Council of Community Services.

Mrs. Griest, Mrs. William Richardson and Miss Mary Ann George told of attending the preferential tea held by the Epsilon Delta chapter of Beta Sigma Phi Sunday for their new pledges. The tea was conducted on a Japanese theme.

PLAN ANNUAL DINNER

Mrs. Richardson, as ways and means chairman, reported on the cooking demonstration which the sorority attended at the Manufacturers Light and Heat Company office, York St., last week with 55 members and guests attending.

Mrs. Thomas McCarthy, banquet chairman, announced plans for the annual Thanksgiving dinner to be held by the sorority November 13 at the Chalet Restaurant, Dillsburg.

It was announced that Mr. and Mrs. Selmar Hess will represent the local Beta Sigma Phi chapter at the dinner to be held by the Littlestown chapter Wednesday evening.

STUDY CIVIL WAR

Miss Mae Kuhn and Mrs. Donald Uber, in a continuation of the Civil War study being conducted by the sorority, described the advantages and disadvantages of both the North and South during the war. The North's money, manufacturing and manpower should have won the war in a few months, they told the group, but the South's superior generalship, the strong feeling of its people for states' rights and the fact that they were on the defensive protecting their homes and families combined to lengthen the war.

The next meeting of the sorority will be held October 30 at the home of Mrs. McCarthy, Gettysburg R. 6. Refreshments were served by Mrs. Griest and Mrs. Richardson.

Chou Arrives For Communist Congress

Damage From Bomb

WASHINGTON (AP)—A 50-megaton bomb such as Khrushchev says the Soviet Union will explode October 31 would dig a hole 400 feet deep and a mile and a half wide and kill almost all persons within seven miles unless they were in well-constructed underground shelters.

Dr. Ralph Lapp, a nuclear scientist, used the White House as an impact point in giving his estimate of damage. His figures would mean that most of the federal government buildings would be within the area he said would be instantly converted into a gigantic crater.

He said all wood frame houses within 16 miles—all of Washington—would be destroyed. In addition brick structures within 10 miles would be leveled and even big steel-reinforced buildings would be smashed for a distance of from five to six miles.

Many persons would be injured from flying glass or debris for a distance of 30 miles from the impact point.

Lapp also said that radioactive fallout would contaminate an area of from 10,000 to 20,000 square miles depending upon wind conditions.

Reds Plan To Fire Fifty Million Ton Bomb Oct. 31; Claim Larger Piece

By STANLEY JOHNSON

MOSCOW (AP)—Premier Khrushchev announced today that the Soviet Union will explode a nuclear bomb equivalent to 50 million tons of TNT Oct. 31.

It was the first time the Kremlin had given advance notice of a nuclear explosion. "We have a 100-million-ton bomb," Khrushchev told the opening session of the 22nd Soviet Communist party congress, "but we do not intend to explode it."

"If we happen to explode it in the wrong place, we might break our own windows," Khrushchev continued. "May God grant that we never have to explode such a bomb."

"NOT WORTH MONEY"

The Soviet Union, in announcing Aug. 31 that it was resuming nuclear weapon tests, said its scientists had worked out projects for building bombs with explosive power of up to 100 million tons of TNT, or 5,000 times the power of the U.S. bomb that devastated Hiroshima. The biggest bomb in the U.S. arsenal is believed to have a force of perhaps 20 million tons.

U.S. military experts said earlier that building a 100-million-ton bomb would not be particularly difficult but that it would not be worth the money because the bombs already available have sufficient explosive power to obliterate any conceivable military target.

Khrushchev told the congress the Soviet Union had been forced to resume nuclear testing because of the sharp international tensions the Western powers had created around the world, especially in Germany.

Girl Quits Peace Corps After Card Raised Furor

By ROBERT N. LINDSAY

LAGOS, Nigeria (AP)—The Nigerian government took a calm approach today toward the Peace Corps girl's postcard that went astray but indicated it expected the young American who penned the critical view of Nigerian life to leave the country.

A government spokesman Monday night sidestepped demands by Nigerian students for the deportation of the 37 U.S. Peace Corps volunteers with an appeal for cool heads. But he said that "it is perfectly understandable and right that... every Nigerian should be incensed and indignant" about the postcard Margery Michelmore, 23, of Foxboro, Mass., wrote to a friend in the United States.

Information Minister Theophilus Benson declared in the statement that the "friendly and cordial relationship between Nigeria and the United States... must not be jeopardized or affected by the foolish writings of one adolescent school girl."

"It is apparent that the views expressed are not shared by the

other members of President Kennedy's Peace Corps now in Nigeria and that the American Embassy deplors this irresponsible act by a young American citizen."

Miss Michelmore submitted her resignation from the Peace Corps after her postcard, telling of primitive living conditions in Nigeria, had raised a furor at the university in Ibadan where the Peace Corps group is undergoing indoctrination.

Peace Corps officials in Washington said it had not been decided whether the girl's resignation would be accepted. But Benson indicated his government expected her to leave the country.

Session Tonight On New Plumbing Code

Borough Councilman Richard Smith today urged "everyone in the borough" to turn out for the meeting this evening at 7 o'clock at the engine house on the proposed plumbing code for the borough.

Smith said: "The session is being held to find out what the people of the community think about the ordinance and the only way we can find out is from what people say at this evening's meeting."

The proposed ordinance will be acted upon by council at its November 6 meeting.

The ordinance would establish the National Plumbing Code as the law for plumbing operations in the borough and establishes a board for examining and licensing master and journeyman plumbers. Under the proposed code nearly all plumbing would have to be done either by or under direction of master plumbers. It would also provide for plumbing permits and for inspection of plumbing when it is completed, with various fees for the plumbing permits.

Chilly Morning; Hits 34 Degrees

This morning was not only the coldest so far this fall but the chilliest October 17 in Gettysburg in the last 20 years.

The low at The Gettysburg Times weather station was 34 degrees and rural areas reported freezing temperatures. The last time it was that cold on this date was in 1941 when the low was 32 degrees. The record for the date is 27 degrees in 1937.

This morning's stiff frost marks the end of the growing season for most crops and plants and comes 180 days after the last spring freeze on April 20. Last year the growing season included 193 days, only five short of the record 198 days set in 1955.

The previous low record for this fall was the 36-degree reading taken here on October 5.

REC BOARD TO PURCHASE NEW PARK PIECES

The Gettysburg Recreation Association at its monthly meeting Monday evening in the Rec office at the high school took note of its financial condition at the end of September and then proceeded to authorize money for new equipment and repairs to existing equipment.

The board authorized the purchase of a second 16-foot sliding board at a cost of about \$225. The need for the additional board was cited when it learned of the popularity of the playpiece last summer. Older children sometimes seem to have some disagreement with youngsters about using the board. The present sliding board will be repaired.

Other purchases ordered by the board include: Three picnic tables, used tires for the tractor, a set of blades for the mower and three stoves for the picnic area.

The three tables will cost about \$70 and the picnic stoves \$30 each. The Battlefield Earthmovers, Inc., will put a "sealer" on the tennis and basketball courts.

NEED REST ROOMS

President Kenneth Dengler said that \$250 allotted for repair to the airplane at the Rec Field had been used for other purposes. After some discussion, the board agreed that it would be useless to repair the plane and keep it in a safe condition and Secretary Mrs. G. Donald Wickerham was instructed to write the naval base at Norfolk to have it removed. The plane has been on loan from the U. S. Navy.

Dengler also announced that the authorized public rest rooms had not been installed. He said he learned from a borough council representative that council was waiting for some reclaimed pipe. Several months ago, Dengler said, council was waiting for the plumbing from the former Adams House. It was noted that council originally had said the rest rooms would be built last June.

Lee Raffensperger, director, said that more than 100 youngsters were participating in the touch football program; 88 had signed for bowling which began last Saturday and more were expected, and over 400 students had attended the first two Saturday night dances. He told the board that the dance last weekend was cancelled because chaperones were not available. The board suggested he secure several persons for reserve duty.

Bills totaling \$4,210 were approved for payment with \$3,657 of the amount going to the school board for reimbursement for salaries. All members of the board were present.

Carl Jacobs, chairman of the highway committee of the East Berlin borough council; Borough Secretary C. A. Eisenhart and Councilman George L. Shetter went to the district engineer's office this morning with Assemblyman Francis Worley, who had set up the conference.

Test Given The Silsby Engine:
The Gettysburg Fire Company on Monday evening tested "General Meade," the Silsby engine which has rendered such good service during its life as a citizen of Gettysburg, and found the steamer working in tip-top shape, giving satisfaction in every particular.

A stream of water fully one hundred feet high was thrown and the engine demonstrated its possibilities when in first class condition for no effort was made to push it above normal capacity and the fire company was well pleased with the result of the test.

See Plot To Blow Up Taft; Find Dynamite Under Bridge Before Train Passed: Los Angeles, Calif. — The arrival of the special train of President Taft brought the news that thirty-six sticks of dynamite had been found under the Southern Pacific steel bridge between Gaviota and Capitán, just prior to the arrival and passage of the train.

58 Heros Win Carnegie Medals: Pittsburgh — Forty-seven bronze and 12 silver medals were awarded by the Carnegie Hero Fund Commission as a recognition of heroism in saving human life or in attempts in which the life of the hero was jeopardized.

In addition to the medals, cash awards were made for reimbursing loss, for relieving debt on homes and the purchase of homes, for educational and other worthy purposes, amounting to \$53,026.

Makes Reversible Turbine Engine: John Kugler, of route 2 Fairfield, who some time ago invented a new type of turbine engine and whose intention at that time was to get a reverse on the engine, has succeeded in doing so.

The test was made this week with the engine attached to the boiler belonging to Eiker Brothers. Quite a crowd had gathered to witness the test which worked to perfection. When the steam was let into the engine it immediately started off without any trouble at all and with very low steam pressure.

Twelve Drown in Mine Shaft: Hibernia, N. J. — Twelve men were drowned here when a blast destroyed a partition between two of the shafts in the iron mines of the Wharton Steel Company and let a great quantity of water, accumulated in an old shaft, flood the gallery where they were at work.

The accident occurred in what is known as the New Langdon shaft. Sixty men were at work there. Between this shaft and the abandoned one was a partition of logs a blast fired soon after the day shift went to work weakened this barrier so that it gave way before the pressure of the water in the adjoining gallery.

Fiery Comet Nearly Blinds Crew At Sea: Philadelphia — A night was turned into day by a fiery comet that lighted up the decks on the ship William P. Frys, which has just arrived at the Sprackles sugar refinery from Honolulu. The crew, particularly the Japanese, were so badly frightened that they thought the world's end was near.

The comet was visible from Sept. 25 until Oct. 1 in the twenty-seventh and thirty-third degree of north latitude according to Bernard Seiler, mate of the ship, who declared that the phenomenon was the most unusual he had witnessed in his long experience as a navigator. The brilliancy, he declared, was largely due to the comet being near the planet Mars, and both working in unison.

Today's Talk

TEAM WORK

The individual may stand out to lead and inspire, but alone he can do little.

All great success is the product of team work. Even the baseball team or football squad, with one or two brilliant stars, is unable to win against the team work of one organization in which each man shoulders the responsibility of all.

In business there can be no success without team work. And the humblest office boy becomes a cog of importance in the wheel. Also, when one member of an organization neglects any part of his work he does injustice to every other member.

In the human body there is team work all worked out in the beginning, and unless the owner of that body keeps up with the plan of nature, there is sure to be failure in the end.

Team work runs throughout all life. It is essential. No man can live to himself alone.

The book you read is the product of team work. So is your newspaper. So is the play you so much enjoy.

Everything made is the product of team work. And the better it is made, the better the team work has been.

Team work is always unselfish, because everybody is looking out for the good of all.

The most successful life is that one which coordinates all its forces so as to make every effort count in the development and enlargement of the complete character.

Tomorrow Mr. Adams will talk on the subject: "Having A Heart" Protected, 1961, by The George Matthew Adams Service.

BEDTIME

It's bedtime, and we lock the door,
Put out the lights, the day is o'er;
All that can come of good or ill
The record of this day to fill
Is written down; the worries cease,
And old and young may rest in peace.

We knew not when we started out
What dangers hedged us all about,
What little pleasures we should gain,
What should be ours to bear of pain,
But now the fires are burning low
And this day's history we know.

When bedtime comes and we can say
That we have safely lived the day,
How sweet the calm that settles down
And shuts away the noisy town!
There is no danger now to fear
Until tomorrow shall appear.

When the long bedtime comes
and I
In sleep eternal turn to lie,
When life has nothing more in store,
And silently I close the door,
God grant my weary soul may claim
Security from hurt and shame.

BROWNS TO LOSE ACE BACK TO UNCLE SAM

CLEVELAND (AP) — "Ever since the opening game in Detroit when Gene Hickerson broke a leg our boys have had nothing but bad luck."

That was the reaction from Coach Pau E. Brown when he learned Monday that the Army is taking half of the Cleveland Browns powerful one-two running combination, Halfback Bobby Mitchell has been called to active duty.

"It's a blow to us," said Brown. Mitchell and fullback Jim Brown make one of the most fearsome running duos in the National Football League. Bobby, always considered a scoring threat because of his great speed and elusiveness, just a week ago against Washington had scoring runs of 61 and 31 yards and caught a 52-yard touchdown pass.

EAST GERMAN POLICE TOSS GAS GRENADES

By MICHAEL GOLDSMITH

BERLIN (AP) — East German police threw tear gas grenades at West Berlin crowd Monday after five East Berliners jumped from a second-story window of a border house into a sand-filled truck, West Berlin police said.

The incident occurred at Bernauerstrasse. There, apartment houses on one side of the street are in the Soviet sector, while the sidewalks below are in West Berlin.

At around noon, the truck roared up to one apartment house. Seconds later three men and two women jumped into it. West Berliners standing nearby cheered. The Vopos — East German people's police—were taken by surprise but after realizing what happened tossed several tear gas grenades into the West Berlin crowd.

2 WOMEN INJURED
West Berlin police said the two women suffered minor injuries in the jump.

The East Germans, meanwhile, acknowledged that mobilization of the workers' militia to man the barricades has dealt a serious economic blow.

Red economic chief Alfred Neumann told the party's Central Committee Sunday "the withdrawal of workers from a factory for outside activities not connected with their trade must be extensively stopped."

Neumann said industrial output was up three billion marks—\$714 million at the official rate of exchange. But he said over-all production was falling short of targets fixed in the regime's seven-year economic plan.

The brown-uniformed militiamen played a large role in building the wall dividing East and West Berlin when the barricades began going up Aug. 13. But early this month they seemed to disappear—apparently back to the factories.

ROBINSON ON COMEBACK BID

By ED CORRIGAN

Associated Press Sports Writer
GREENWOOD LAKE, N.Y. (AP)—At 41 Sugar Ray Robinson is right back where he started more than two decades ago—at the bottom of the middleweight ladder.

But, he said today, he intends to do something about it Saturday night when his current comeback campaign—his third—rolls into high gear with a scheduled 10-round bout against young Denny Meyer in Madison Square Garden.

"I'm back shooting for the middleweight championship again," he chirped the irrepressible Sugar Ray as he prepared to break up his training camp here. "I'm a prizefighter, and at this stage in the game I've got to prove it all over again. As soon as I win, everyone will be back on my side."

WON FIVE TIMES

Robinson has won the middleweight crown an astounding five times. He last lost the title to Gene Fullmer on March 4 of this year. He didn't fight again until Sept. 25, when he outpointed Willie Greaves. That started comeback campaign No. 3.

"After this, I'd like to fight either Fullmer (NBA champion) or Paul Pender (New York-Massachusetts-Europe champion). I know Fullmer is interested in meeting me again. A lot of promoters are interested in me."

What if he loses to Meyer, 19 years his junior, and who has been fighting middleweights only six months or so?

"I only think positively," he replied blandly. "The way I look at it, I've never been a failure. The next time I'm a failure will be the first time."

have been granted "for personal or community hardship." That was the case with Baltimore passer Lamar McLean, who was deferred until the end of the football season.

IRISH READY IN '64 WITH BETTER TEAM

HARRISBURG (AP)—The Irish equestrian team should be ready to make a strong bid for the international jumping gold medal at the 1964 Olympics, the team captain said today.

"It's not a top team yet, but it's developing," Col. J. F. Neylon said of the Army officers who make up the Irish team.

The Irish have been perennial visitors to the western hemisphere for the annual fall tour of North American horse shows.

Although popular with the crowds, the Irish in recent years haven't been notable winners on the tour, which includes this Pennsylvania capital, New York City and Toronto.

WINS SECOND EVENT
Meanwhile, the 16th Pennsylvania National Horse Show put the international teams on a two-day schedule today.

The United States, on the strength of a clean, fast ride by Ksar D'Esprit under the steady hand of Billy Steinkraus, team captain, won Monday night's competition, the second event on the week-long schedule.

Nine riders had faultless rounds in the first test over the 10-jump course, but only Steinkraus and Mexico's Lt. Col. Ruben Uriza, on Perico, made it around the second time—over a shortened and heightened course—without a fault.

The Ksar's faster time—34.8 seconds to 39.7 seconds—earned the trophy for the U.S.

The team scoring now reads: Argentina, 24 points; U.S., 12; Mexico, 8; Ireland, 2, and Canada, 0.

Dr. Hugo M. Arrambide of Argentina stayed in front in the individual scoring, although failing to place, with 16 points. Steinkraus moved into second place with 10 points, followed by Castaing and Uriza with eight and Miss Kusner and Ringrose with two.

ford R. 2. Mrs. Stock is a graduate of York Springs High School and is employed at Nationwide Insurance Co., Harrisburg. The bridegroom is a graduate of Biglerville High School and is engaged in farming.

Wolf—Sadler

Miss Carolyn R. Sadler, daughter of Mr. and Mrs. Kenneth W. Sadler, New Oxford R. 2, became the bride of Paul L. Wolf, son of Mr. and Mrs. George W. Wolf, Hanover R. 5, at 10 a.m. Saturday at St. Mary's Lutheran Church, Silver Run, Md. Rev. Lloyd H. Seiler performed the double-ring ceremony. The altar was decorated with vases of white gladioli.

Mrs. Austin Rinker, Hanover R. 5, sister of the bridegroom, was matron of honor. A reception at the home of the bridegroom's parents was attended by approximately 40 guests. The couple will reside at Hanover R. 5. Both are 1961 graduates of New Oxford High School and both are employed by the L. E. Beaudin Shoe Co., Hanover.

PITTSBURGH (AP)—Pitt football coach Johnny Michelosen is hoping four of his injured players will be able to see action against UCLA.

The four, guards Rege Coustila and Ralph Conrad, halfback Bob Clemens and tackle Bob Ostrosky, went through light drills Monday.

A senior tackle, Bob Guzik, will miss the game Saturday at Los Angeles because of a knee injury sustained against West Virginia.

Originally, the two were scheduled to fight in Boston on Nov. 3. But Patterson insisted on an out-of-state referee and the bout was called off.

Johnstown-Monessen Tilt May Decide Scholastic Champion

By FRED WALTERS
HARRISBURG (AP) — The championship of Pennsylvania high school football may be decided this Saturday in Johnstown.

It would all be unofficial, of course, since the state doesn't have a championship, or a means of determining it.

But consider this about the Johnstown-Monessen game coming up this weekend:

1. There's little doubt (none at all in this columnist's mind) that the best teams are in the western end of the state.

2. The WPIAL-AA is considered the toughest of all conferences, east or west.

3. Johnstown and Monessen look like the conference's best.

EACH IS 6-0

Each team will take a 6-0 record into the big game.

Johnstown has beaten Erie Tech (51-6), Pittsburgh Fifth Avenue (53-0), New Kensington (27-6) Windber (40-0), Redstone (21-0) and McKeesport (18-6). Monessen has rolled over Pittsburgh Perry (59-0), Monongahela (40-6), Duquesne (51-6), Pittsburgh Peabody (48-0), Brownsville (35-0) and Clifton (26-0).

This should be one of the best games of the season in scholastic football.

In the east, meanwhile, Marple-Newtown will run into its second consecutive tough one, when it plays at Haverford.

OTHER BIG GAMES

Marple-Newtown knocked over Ridley Twp., thought to be one of the best in the southeast, last Saturday, 20-13. Haverford, at the same time, was losing by one point, 6-7, to unbeaten Lower Merion, another top team in the region.

Pottstown, the Ches-Mont League leader, has a tough one coming up with Coatesville, while over in the Bux-Mont, unbeaten but twice-tied Upper Moreland tests its prowess against once-beaten Pennridge.

The Philadelphia Catholic League, meanwhile, has its two unbeaten leaders, LaSalle and Bonner, matched in a game that should settle the league championship.

In the Inter-County League, the two unbeaten leaders, Upper Dublin and Lower Moreland meet at the former's field in a Saturday contest.

The big attraction in the East Penn will have Northern Division leader Taylor-Moosic playing the defending champion, West Scranton. In the Southern Division, Hazleton plays Sunbury and Pottsville is host to Mount Carmel in two key games.

MIDSTATE ACTION

Unbeaten and unscorced-upon Wyoming travels to Forty Fort in a top West Side Conference battle.

In midstate, Steelton at Lancaster, Middletown at Palmyra, Towanda at Sa-re, Milton at Lock Haven look like the top games.

In the west, besides the Johnstown-Monessen game, the other top pairings include:

Beaver Falls, defending WPIAL-AA champion, at Farrell, Uniontown at Mount Lebanon, Bell-Avon at Mount Lebanon Twp., Midland at Hopewell.

Once-tied Conneaut Valley tries to extend its unbeaten string at Meadville on Friday night, Erie Tech and Erie Prep meet the night in a crucial big seven game, and Fort Leboeuf, leader in the Erie County League, is host to once-beaten North East Saturday in the northwest's big games.

SPARTANS IN TOP GRID SPOT OVER OL' MISS

By THE ASSOCIATED PRESS

Michigan State nudged Mississippi out as the No. 1 college football team in the country today in the weekly Associated Press poll.

The margin was by a slim two points. Ol' Miss, in fact, collected more first place votes than the Spartans. Mississippi had 21 first places to 16 for Michigan State, which went to the top by virtue of its impressive 28-0 victory over Michigan last Saturday in the national television game of the week.

Michigan State finished with 431 points to 429 for Mississippi. The nationwide panel of 48 sports writers and sportscasters had Texas third, Iowa fourth, Alabama fifth, Notre Dame sixth, Ohio State seventh, Georgia Tech eighth, Colorado ninth and Arkansas and Louisiana State tied for tenth.

Mississippi shows a 4-0 record, following its easy 47-7 triumph over Houston last week. Michigan State has won all three of its games.

Michigan, No. 6, Baylor, No. 9, and Maryland, No. 10, a week ago all tumbled out of the top 10, as a result of being beaten.

Georgia Tech, Colorado, Arkan-

Only Ohio State held the same spot as a week ago.

ROBERTS IS SOLD TO NEW YORK YANKEES

By RALPH BERNSTEIN

Associated Press Sports Writer

PHILADELPHIA (AP) — Rob-

in Roberts was asked how he felt toward the New York Yankees, the only team in major league baseball willing to take a chance

the right-hander's great career isn't a thing of the past.

"I would like to think that they're a smart organization," said Roberts, 35, beaming from ear to ear at the thought of pitching for Roger Maris, Mickey Mantle & Co.

It was a typical Roberts' answer, showing the kind of pride, and competitive spirit Gen. Mgr. Roy Hamer said had prompted the Yankees to buy the pitcher from the Philadelphia Phillies for a price believed to be slightly over the \$20,000 waiver figure.

There was no doubt how Roberts felt about the deal. It was all he could do to keep from laughing at the thought of being a Yankee.

QUITE HAPPY

"Playing with the Yankees is the only place to be," said the winner of 234 games—he lost 199—in 14 years with the Phillies.

"Any body knows that in baseball the deal is to win or lose. I've watched the Yankees win, and I want to be a part of it."

Roberts, who pitched only two complete games in 1961, while winning 1 and losing 10, insists the Yankees will never regret taking a chance on him.

"I've got three or four more good years yet," he asserted at a news conference at which owner Bob Carpenter of the Phillies announced the sale. "This (baseball) has never been hard for me. That's why I'm still at it. If something gets too much for you, you fade out of the picture. I think I'm capable of pitching regularly. It was obvious this (Philadelphia) wasn't the place to do it."

MISSED IN DRAFT

Roberts, passed up last week in the player draft by the two new National League clubs, says he has no intention of suggesting whether he should start or relieve.

"I'll just show up," he commented.

A \$25,000 bonus player off the campus of Michigan State college in 1942, Roberts joined the Phillies that same year. He won 20 games or more six straight seasons from 1950 through 1955, topped by 28 victories in 1952. He was named to seven All-Star teams and pitched in five of the games. In the 1950 World Series, a 10th inning home run by Joe DiMaggio beat him 3-2.

"EVERYTHING TO GAIN"

Hamer said in New York the Yankees felt they had everything to gain and nothing to lose in taking Roberts.

"I know Robin well and he's a proud competitor," said Hamer. "He's always in shape and I know he'll make every effort to help our club. It's been a long time since he's pitched for a club that was in the pennant race, and, of course, he's never been in the American League, which may prove helpful to him."

ANOTHER SAIN CASE

Carpenter disclosed all National League clubs waived on Roberts. "I think they're ridiculous, but then I've made some mistakes of my own and I'm not going to second guess my colleagues. I think the Yankees are going to be very fortunate. Sincerely, I believe this will be another Sain case."

Carpenter referred to the Yanks acquisition of Johnny Sain, now a New York coach, who did fine work for the New York team after his purchase from the old Boston Braves in 1951. The Phillies' president said also that selling Roberts "overcame the only sentiment I have ever had in baseball."

"DESERVES CHANCE"

"If he was a .500 pitcher all his life, I wouldn't care where he went. But what he's done for the Phillies and the way he's represented baseball, he deserves a chance with the best."

"But he'd better tear up that other league or it will be the end of a beautiful friendship," Carpenter jested.

Roberts, who last season, failed to win at least 10 games for the first time in his career, said he did not feel any change was necessary in his pitching form.

"I believe that what had to be developed has been developed. I believe it's there and it will work out. I'm in the right frame of mind to win, and physically fine."

So exited the last of the 1950 "Whiz Kids" and an era in Philadelphia baseball.

RACES CANCELLED

The racing program scheduled for Saturday evening at the Lincoln "redway," near Abbottstown, was cancelled because of inclement weather. Another program has been tentatively scheduled for next Saturday evening.

Members of the Eagles' Big Little League champion baseball team who received trophies Sunday afternoon at a dinner in their honor at the Eagles' home were: Front row, left to right, Kenneth Hartman, Larry Dillman, Robert Little, James Redding, Charles Greiner, Roy Fairman, Charles Schleicher, Barry Hinkle and Donald Baker; back row, left to right, Manager Junie Wirt, Ronald Redding, Ronald Miller, William Jones, Harry Hartman, Walton Jones, Mike Cartzendorfner, Gene Shultz, Buddy Giberson, Coach Charles Sprecher and Eagle Trustee Roy Williams, who presented the trophies.

Other guests at the dinner included Earl Sprecher, chairman of the Eagles' sport committee; Dean Bucher, trustee, and Roland Hankey, league umpire.

The ham supper was prepared by Rick Gardner, Eagles' house manager, and his wife, who were assisted by Marie Little. Ice cream was furnished by the Delvalle Dairies.

Junie Wirt, second from left, coach of the Eagles entry in the Big Little League, is receiving a team trophy from Roy Millhimes, chairman of the trustees of the Eagles Lodge, at a dinner tendered the squad by the lodge on Sunday. At the left is Charles Sprecher, coach, and at the extreme right is John Storm, lodge secretary.

TOP PASSERS OF MAC MEET ON SATURDAY

Nine football players from six teams rank as leaders in individual statistics of the Middle Atlantic Conference's university division this week.

Muhlenberg placed three players in No. 1 positions—Rolfie Houseknecht in passing with 15 completions, Dave Binder in pass receiving with six catches for 88 yards, and Charles Kuntzleman in scoring with 18 points.

Earl Little of Gettysburg ranks alongside Houseknecht in passing, also with 15 completions.

Houseknecht and Little will clash Saturday afternoon when the Bullets meet Muhlenberg at Allentown.

Binder is coupled with Delaware's Dick Broadbent in pass receiving, with Broadbent also snaring six aerials.

LEADING RUSHERS

Temple's Ernie Wayland pulled abreast of Bucknell's Pat Malone in rushing on Saturday. Both backs have 153 yards, Wayland on 31 carries and Malone on 24.

Joe Morelli of Temple took the lead in total offense, boosting his net yardage to 175 yards to lead Muhlenberg's Houseknecht by the slender margin of one yard.

Ed Winchester of Lehigh continues to set the pace in the punting department with an average of 39.5 yards on four punts.

QUARTERBACKS INJURY PRONE THIS WEEKEND

By JACK CLARY

Associated Press Sports Writer

"Quarterbacks, Their Trials and Tribulations"

That could well be the subject for today when some of the nation's college football teams get down to hard work for this Saturday's games.

The subjects concerned are some of the more famous at their occupations this year.

Sonny Gibbs, the tree-like signal-caller of Texas Christian, broke three ribs in last Saturday's loss to Texas Tech and has been replaced by soph Gray Mills. Just before his team's loss to Arkansas the previous week, Gibbs injured himself when an airplane loading ramp collapsed as his team was getting ready to leave for Little Rock.

HAS BRUISED ANKLE

Notre Dame's No. 1 quarterback, Daryle Lamonica, who has led the Fighting Irish to a 3-0 season so far, has a badly bruised ankle but is expected to be ready for Saturday's crucial game against Michigan State. Lamonica was hurt in last Saturday's 30-0 victory over Southern California, after also getting hurt the previous week against Purdue.

Iowa's No. 1 quarterback, Wilburn Hollis, had the cast removed from his wrist, but coach Jerry

Burns still doesn't expect him to get back into action until later this season. Hollis was hurt Oct. 7 against Southern California.

John Hadl, Kansas' Mr. Everything, is feeling fine, and it is a good thing. Coach Jack Mitchell said he will continue to use him at quarterback and left halfback on offense, and extensively on defense. Hadl handled all three roles in the Jayhawks' first victory, 21-7 over Iowa State last week.

Dave Sarette may still be ready to guide Syracuse against Penn State in the East's big game this week. He was hurt in the Orange victory over Nebraska, suffering a shoulder bruise that caused him to return home with his arm in a sling. His sub, Bob Lelli, also suffered a hand fracture in the same game.

Ohio State Coach Woody Hayes isn't sure who will do the quarterbacking for him this week against Northwestern. He indicated it will be either Bill Mrukowski, who has done most of the work so far, or junior John Mumme, whom he indicated has drawn even with Mrukowski.

Ron Taylor, Missouri's quarterback, was listed as one of his team's dozen injured, and may not see action against Iowa State this week.

Baylor's Bears, dumped from the unbeaten, also were worried that their two prize sons — Bull and Goodwin — might be absent when the team meets Texas Tech. Oklahoma State guard Mike Up-ton will be out indefinitely after fracturing an ankle while Nebraska's Willie Ross, its highest scorer, is hobbled with a hip injury.

YCIA TRIE S TO EASE HANOVER INTO LEAGUES

The problem of easing Hanover High into the schedule of the York County Interscholastic Athletic Association was solved partially Monday evening during a lengthy meeting at York Suburban High.

Hanover, admitted to the circuit last spring, was left high and dry, athletically, by the disbanding of the South Penn Conference and faced the possibility of a barren schedule for a year or two, particularly in basketball, baseball, track and football.

Monday night, however, the circuit, which already had adopted its 1962-63 basketball program, agreed to work out a new schedule which would include Hanover.

HAS ONE CAGE GAME

As of now, Hanover reported, the school has only one basketball game contracted for the 1962-63 season. Commitments by both the association and Hanover prevent Hanover from entering the loop this season.

A similar condition exists in football. While Hanover has scheduled games with most of the other association teams for 1962 they still have not been able to complete a full association program.

The possibility of rearranging the schedule will be studied and reported on at the next meeting January 15.

In baseball the Nighthawks were admitted to the league for 1963 and will compete in the Western Division. The 1962 schedule, without Hanover, will not be altered.

Hanover was admitted to the track league and will compete in the Western Division next spring.

In wrestling Hanover already is a member of the circuit and will continue, Biglerville withdrew its membership, effective at the close of the 1962 season and will be replaced by South Western.

GHS JAYVEES NIP HANOVER FOR 7-6 WIN

All of the scoring was packed into the second quarter as Gettysburg High School's junior varsity edged the Hanover reserves 7-6 at Hanover Monday afternoon.

After a 50-yard run by Jim Newman had been nullified by a penalty, the Warriors kept their drive going in the second period with Newman scoring on a roll-out from the 10-yard line. Ken Kime, fullback, plunged through the middle for what was to prove the winning point.

Hanover came right back for its score, moving up field on short passes and running plays, Hoffacker tallying from the six. A run for the point failed.

Both teams mounted scoring threats in the second half, but tight defensive play halted the drives at the 20.

Coach Charley Lilley's Warriors, now 2-1, will be idle until October 30 when they meet Waynesboro at Waynesboro.

HARRISBURG (AP) — A rider was seriously injured Monday night during the 16th Pennsylvania National Horse Show.

A mare called "Easy Lady," ridden by Leroy Plowman, 26, Monroeville, smashed into a gate post at near top speed as Plowman was leaving the arena after competing in the quarter horse barrel event. He was the first rider on the course.

Witnesses said Plowman was thrown against the concrete retaining wall lining the chute out of the arena, under the stands.

Bleeding and unconscious, he was taken to Polyclinic Hospital where he underwent surgery for a possible fractured skull and other head injuries.

Hospital attendants described his condition as serious.

Plowman won second place in the quarter horse event.

GOURMET REDUCING. Reducers often claim dull, repetitious menus as the reason for not being able to stick with a

diet. Eating less, they say, would not be so difficult were the foods less humdrum.

That idea is true in one sense; false in another. Dieting menus, short on both quantity and appeal, are indeed hard to take. But they never need be without appeal. The following dinner menu proves the point:

Two lobsters, brushed with butter, broiled and garnished with lemon wedges; whole baked tomato, basted with garlic salt and basil; asparagus tips, dressed with a sprinkling of grated Parmesan; raspberry sherbert (small dipper) ringed with whole raspberries.

There you have a menu that even a gourmet would relish. Yet the count is a low 500 calories. Being frozen or canned, the foods are easy to prepare, too.

Actually a big secret of successful dieting is imaginative fare, coupled with simplified preparation. Foods need not be exotic or expensive, only varied, deliciously-seasoned and served in an eye-filling fashion.

Take a sliced orange, for example: Dusted with cinnamon and fanned out on a pretty plate, it becomes a dessert that gourmet restaurants serve at a price far exceeding the calorie cost.

Herbs, spices, garnishes and attractive service make powerful allies while you slim. They pro-

Ike Warns GOP Of Party Apathy

PHILADELPHIA (AP) — Former President Dwight D. Eisenhower has warned Republicans that apathy could cost them elective offices in Pennsylvania in the next two years.

"The issue is irresponsible, spendthrift, inefficient government as opposed to the Republican dedication to responsible, capable and selfless leadership in political affairs," Eisenhower said.

Eisenhower and other Republican leaders appeared Sunday on a television program prepared and sponsored by the Republican Finance Committee to kickoff its party membership drive in southeastern Pennsylvania.

The taped show was televised over WRCV-TV (Channel 3).

Also on the program were Sen. Barry Goldwater, R-Ariz., New York Gov. Nelson Rockefeller, Sen. Hugh Scott, R-Pa., and Judge Henry X. O'Brien, GOP candidate for justice of the State Supreme Court.

EFFINGHAM, Ill. (AP) — The Rev. George Nell, 74, a Roman Catholic priest who founded the Rural Youth organization with chapters throughout the country, died Saturday after a long illness. He had served as pastor of St. Joseph's Church in nearby Island Grove for 38 years.

He had served as assistant rector of the Annunciation Church, Shenandoah; St. Mary's Phoenixville; St. Michael's, Chester, and the Ascension of Our Lord, Philadelphia.

SAYS SENDING TROOPS ONLY A LAST RESORT

HONOLULU (AP) — Gen. Maxwell D. Taylor apparently would recommend sending U.S. troops to South Viet Nam only as a last resort to save that key Southeast Asian nation from communism.

This was the indication Monday as President Kennedy's personal military adviser paused here for a day of conferences before resuming his fact-finding mission taking him half way around the world.

Taylor, who flew in late Sunday with 15 specialist-aides, planned to talk with Adm. Harry D. Felt about current conditions in South Viet Nam, which is under increasing red guerrilla assault.

Felt, U.S. commander for the Pacific, has just returned from a swing through South Viet Nam, Laos and Thailand, where he attended a meeting of the Southeast Asia Treaty Organization.

THREE-WEEK STAY
A decision on whether to recommend the use of U.S. troops in South Viet Nam awaits the results of what may be a two or three-week personal study on the scene.

But it is known that any recommendation by Taylor to send in American GIs would be made unapologetically.

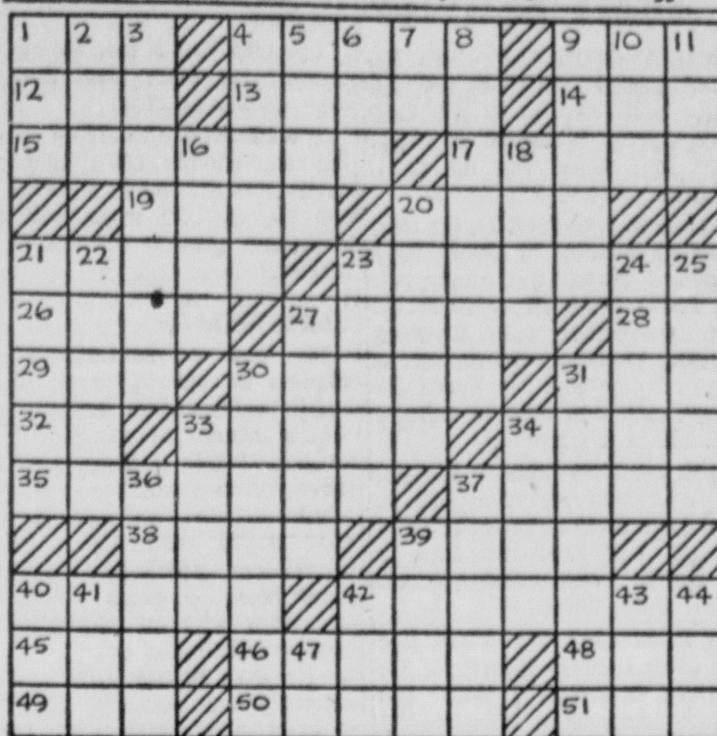

If the move did come, support-type troops likely would be landed first. Combat units would go in only if there was an extreme need.

Talking with reporters on his arrival here, Taylor said: "I am not going to Viet Nam to offer American troops. I am going to see whether they are needed."

"I might add that nobody wants to send American troops anywhere."

Taylor is seeking a formula that would bring swift results in stemming an apparently rising Communist threat to the pro-Western regime in South Viet Nam.

Postcard Results In Ill Feelings Toward Peace Corps In Nigeria College

By ROBERT M. LINDSAY
IBADAN, Nigeria (AP)—A postcard that went astray has given the American Peace Corps its first black eye in the field.

Nigerian university students demanded Sunday that the corps unit sent to teach Nigerians be expelled because of criticism of primitive living conditions in this year-old African republic written by an enthusiastic—but "thoughtless"—girl in the group.

Her postcard home, dropped accidentally on the campus, stirred 1,000 students at Ibadan University College to an angry demonstration denouncing the American volunteers as "agents of imperialism."

APOLOGIZED QUICKLY
Margery Michelmore, 23, Smith College honor graduate from Foxboro Mass., quickly apologized to the university authorities for writing the "thoughtless card" and offered to resign from the corps in an attempt to quiet the uproar.

Peace Corps Director Sargent Shriver said in Washington he talked to the Nigerian ambassador and "he did not seem disturbed. He said it was the type of thing you could expect in this kind of operation, and I agreed

with him." The anti-American demonstration was organized after someone reportedly had found on the campus grounds the postcard that Miss Michelmore had written to a friend in Boston telling him: "With all the training we had, we were really not prepared for the squalor and absolutely primitive living conditions rampant both in the cities and the bush."

LIVE IN STREETS
"We had had no idea about what 'underdeveloped' means. It really is a revelation, and once we got over the initial, horrified shock, it is a very rewarding experience. Everyone except us lives in the streets, cooks in the streets, and even goes to bathrooms in the streets."

She described the university as "great fun," but added, "I just hope they do not repeat last year's Lumumba riots." This was a reference to antiwhite demonstrations in Lagos, capital of this former British colony of 35 million people, after former Congo Premier Patrice Lumumba was slain in Katanga.

The American girl's postcard was copied and circulated among the 1,500 students here by the Ibadan University College Stu-

PLANE LOSS IS ONLY MAR OF "SKY SHIELD"

WASHINGTON (AP) — The disappearance of a bomber carrying eight men has marred an otherwise highly successful major test of North American air defenses.

The B52G jet was one of more than 2,250 U.S. Canadian and British planes that participated Saturday in the 12-hour mock aerial war, Sky Shield II. The North American Air Defense Command said: "The exercise was 99.9 per cent effective, and the results were as good as we could possibly expect."

The eight-jet bomber, attached to Seymour Johnson Air Force Base at Goldsboro, N.C., was believed to have run out of fuel. Air and surface craft swept a wide area in the Atlantic in search of the plane after it was reported missing early Sunday.

After the defense test ended at midnight Saturday, commercial air travel resumed across the continent. The defense test ended at midnight Saturday, commercial air travel resumed across the continent.

Shriver said no action has been taken on Miss Michelmore's offer to resign but that she is free to quit at any time.

ELECTRIC BRUSH BEST FOR TEETH

PHILADELPHIA (AP)—A newly developed automatic toothbrush may be superior in cleaning ability to the ordinary toothbrush, a group of dental scientists reported Monday.

In a paper prepared for the 12th annual convention of the American Dental Association, the scientists said that preliminary studies indicated the electrically driven brush is safe to the teeth and gums and will do as good a job or better than the ordinary brushing done by the average person.

Meanwhile, Dave Kuhn, an official of a New York dental products firm, said his company has developed a plastic which makes false teeth "live in the mouth."

Except for mercy flights and a few other essential ones, no civilian planes were allowed to cross the skies during the mock war.

The exercise began with a simulated mass missile attack. Then more than 200 U.S. Strategic Air Command and British Royal Air Force bombers playing the role of "enemy" planes bored in for a follow-up assault. American and Canadian jets roared aloft in more than 6,000 sorties to head them off.

At the end of the test, an airman at Colorado Springs, Colo., said, "The warning systems official at the air command headquarters worked like a charm."

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

The human body is a natural power plant. The blood cells of the average man contain enough electricity to light a 25-watt bulb for about three minutes.

Prosperity note: Americans now spend about as much on tobacco and alcoholic beverages as they do on schools—some \$15 billion a year.

Even a dog's life is getting more expensive. It now costs from \$95 to \$150 to raise a puppy, depending on its breed and appetite.

DISTRESS SIGNAL

One way to get ahead: Giacomo Puccini, composer of "La Boheme," "Madam Butterfly" and other noted operas, gave this as his success formula: "I am almost always in love."

Philatelic oddity: Great Britain and Russia never print the full name of their country on their stamps.

Twelve Persons Killed In Weekend Traffic

By THE ASSOCIATED PRESS

Three persons fatally injured Sunday night in an auto crash on the Pennsylvania Turnpike and two sisters who died in another accident were among 12 persons killed in traffic accidents in Pennsylvania over the weekend.

A plane crash Friday night killed four persons and a farm accident killed a boy, pushing the accidental death toll to 17 during the period beginning at 6 p.m. Friday night and ending at midnight Sunday night.

The three persons killed in the turnpike crash near the Downingtown Interchange at the eastern end included a young man and his girl friend who were returning from a visit to his family home in western Pennsylvania.

CROSSED MEDIAL STRIP

They were Carl L. Schick, 21, who lived in a rooming house in Lansdale near Philadelphia, and his girl friend Duane Krier, 19, of Hatboro. The couple was returning from visiting Schick's family in West Mifflin when a westbound auto crossed the medial strip and crashed head-on into the car driven by Schick.

Also killed in the turnpike accident was Domingo Quiles, 26, of Chicago, a passenger in the car which collided with Schick's auto. Four other persons in the westbound car, including the driver, Pedro Garcia, 26, also of Chicago, were injured. All were treated at a hospital, then released.

The sisters who were fatally injured died within a short time of each other after the station wagon in which they were riding and an auto collided Saturday night at the intersection of Routes 202 and 63 near Lansdale.

HELD FOR MANSLAUGHTER

Karen Boyle, 7, of Warminster, was killed instantly. Her sister, Nancy, 3, died Sunday in a hospital. They were passengers in a station wagon driven by Noel A. Voim, 37, also of Warminster.

The driver of the car, Joseph Santoro, 28, of Lansdale, was held in \$2,500 bail on a manslaughter charge by Magistrate Samuel E. Browne of Montgomery Township.

In another multiple traffic fatality, Mrs. Verna Leshar, 33, of

OTHER VICTIMS

Albert Zakany, 24, of Williams-town, Mass., his wife, Mary Louise, 25, and their two sons, David, one month, and Thomas, one and a half years, were killed Friday night when their light plane crashed in a rural section of Washington County.

The other victims: Marienville—Albert Koch, 46, a native of Tionesta who taught school in Demarest, N.J., was killed Sunday in a two-car collision on Route 68 near the Forest community of Marienville.

Scranton—Andrew Gale, 21, of Scranton, died Sunday from injuries suffered Saturday when the car in which he was riding skidded and hit a tree in nearby Roaring Brook Township.

Hazleton—Harry Koplin, 76, was struck and killed by a hit and run auto a few steps from his home Friday night.

Middletown Township—Warren Lee, 42, Trevose, killed Saturday night in a collision with a car police said was stolen.

York—Donald E. Livingston, 23, York R. 2, was killed Saturday night when his motorcycle careened off a road and hit a tree near here.

PLAN SATURN FLIGHT LATER IN THE WEEK

CAPE CANAVERAL, Fla. (AP) — Scientists plan to launch this week the first Saturn superrocket on an eight-minute flight which will start the United States on the long road to manned landings on the moon.

The National Aeronautics and Space Administration reports the firing will take place within a few days if no problems arise. With 1.3 million pounds of thrust—about 30 million horsepower—the first Saturn is three times more powerful than any previous U.S. rocket.

The maiden flight will test the first stage only. Two upper stages will be filled with 23,000 gallons of water to simulate weight of the operational rocket.

COAST UPWARD

The flight plan calls for the 162-foot, 462-ton Saturn to accelerate to a speed of 3,700 miles an hour during the 1-minute 57-second burning time of its eight big engines. In that time it will consume 300 tons of fuel.

When the engines cut off, the vehicle will coast upward on a ballistic trajectory to an altitude of 95 miles before plunging back into the Atlantic Ocean 235 miles to the southeast. No recovery attempt is planned.

The proposed meeting of senior diplomats from the United States, Britain, France and West Germany in London this week to work out a common negotiating position had been tentatively agreed on, a State Department spokesman said Saturday.

Sunday the spokesman said there had been no decision on the high-level parley and, instead, the Big Four ambassadorial group which has been meeting here regularly on the Berlin crisis "will continue here in Washington."

The reason for the switch, informants said, was France, which objected that it would be premature to get into discussions on negotiations when the Kremlin has offered nothing the West can negotiate about.

Philly Orchestra Goes Back To Work

PHILADELPHIA (AP) — The Philadelphia Orchestra, in a rush of activity following settlement of its 20-day strike, has scheduled concerts every night this week except Thursday.

Some 105 musicians, who refused to play at all during their dispute with the Philadelphia Orchestra Association, put in almost three hours rehearsing Sunday.

Another early morning session was scheduled Monday in preparation for the evening concert which featured Van Cliburn.

The orchestra gave its first concert of the delayed season Saturday night, just a few hours after musicians accepted a two-year contract.

The surprise performance caught many music lovers by surprise, but some 2,300 turned up. Six concerts had been canceled.

MAY REGISTER TO TAKE TEST

Principal Frank E. Basehoar at Littlestown High School has asked members of the class of 1963 those who wish to enter the 1962-63 National Merit Scholarship competition to register now at the school office. The test will be given next March 6.

Students who will graduate from high school in 1963 and enter college in the same calendar year are eligible for scholarship consideration in the 1962-63 Merit Program.

To receive consideration, the student must take the test when it is offered in his school. Participating students pay a \$1 fee on the day of the test.

Awards in the Merit Program are granted on the basis of intellectual merit, but student financial needs determine the amount of individual stipends. The stipends are renewable each year without further testing.

A student's performance on the qualifying test also provides him with information that is useful in career planning or in selecting courses in high school and college, Mr. Basehoar said.

After the test, each participating student receives an interpretive folder prepared by Science Research Associates, the testing agency, that reports individual test results for comparison with scores of high school students across the country. Thus students can learn more about their educational strengths and weaknesses—whether or not they plan to attend college.

In addition to the awards made by the National Merit Scholarship Corporation, about 130 business corporations, foundations and individuals give scholarships through the Merit Program. A considerable number of other scholarship agencies utilize the services of NMSC in awarding their scholarships.

YOUTH KILLS BEAR AFTER IT MAULLED THREE

CONNEAUT LAKE, Pa. (AP) — A park attendant and two other people were mauled by a 250-pound black bear Sunday before it was shot to death by the attendant's 15-year-old son.

The incident occurred at Fairyland Forest, a wild animal park near this northwestern Pennsylvania community.

John Hohl Sr., 35, of Conneaut Lake R. 2, the park's caretaker, and Ida Mae Kemp, 35, of McKees Rocks, near Pittsburgh, were reported in fair condition at a Meadville hospital.

Robert A. Mahoney, 12, of Coraopolis, was treated at the hospital and released.

State police said John Hohl Jr. killed the animal with two blasts from a .12 gauge shotgun.

Police gave this account: The elder Hohl, accompanied by Mahoney, was checking the bear's cage. The bear suddenly grabbed Mahoney's right arm and pulled it through the fence.

Hohl unlocked the cage door and put his hand in the bear's mouth. The bear released the boy's arm and started clawing and mauling Hohl on the head, chest and back. Hohl's son then struck the bear on the head with a stick, stunning the animal and allowing the caretaker to escape.

While the Hohls were after the shotgun, the bear left its cage and attacked Miss Kemp, knocking her down and clawing at her neck and back.

The younger Hohl returned and shot the bear.

Private Polls Please Democrats

WASHINGTON (AP) — Encouraged by their private polls, Democrats are putting new punch into efforts to defeat Republican nominee James P. Mitchell in the New Jersey governor's race.

Mitchell, former secretary of labor in the Eisenhower Cabinet, generally is regarded as the favorite over Democrat Richard J. Hughes in one of the few contests that hold national significance in this year's elections. Democratic Gov. Robert B. Meyner has held the office since 1953 and was not eligible to run again this year.

Democrats at national headquarters here are talking more and more confidently about the possibility of a Nov. 7 victory which would be a blow to Republican revival hopes in the industrial East. They say their polls show Hughes making significant gains.

251 UNITS OPEN ARMY SERVICE

WASHINGTON (AP) — Two National Guard divisions and 249 lesser reserve and guard units have started a stretch of active duty that could last up to 12 months.

Called to duty Sept. 19, the units reported Sunday to Army posts scattered across the country. In all, about 73,000 Army reservists and guardsmen were involved, bringing to 153,000 the number of Army, Navy and Air Force Reservists called to duty to increase U.S. military strength.

Both the 32nd Infantry Division of Wisconsin and the 49th Armored Division of Texas reported Sunday. The 32nd will train at Ft. Lewis, Wash., and the 49th at Ft. Polk, La.

In announcing the callup, Secretary of Defense Robert S. McNamara said that if world conditions improve, the reserve troops may not have to stay on duty 12 months. That was the time limit congress placed on the callup in authorizing President Kennedy to add 250,000 men to active duty status.

BENNY RATED BEST COMEDY ACTOR ON TV

By CYNTHIA LOWRY AP TV-Radio Writer

NEW YORK (AP) — Jack Benny, to echo the opinion of an admiring colleague, is without question the best comedy actor of our time. And, continuing to borrow from Steve Allen, the first reason we laugh at Jack is that we have been conditioned for over 20 years to do so.

Jack Benny returned to weekly television on CBS Sunday night to start his 11th season—or his 29th, if you count all those years on radio. And we laughed. We laughed at all the things we have learned over the years about the character Jack plays: his stinginess, his vanity. We laughed at his long, long takes and that cocky assurance so easily punctured.

It was familiar stuff, all of it. But if it had been anything else, we would have been disappointed.

He had Phil Silvers for a guest star. There also were surprise appearances by Garry Moore, Jack Paar and Alan King, none of whom spoke a single word, but got laughs anyway.

PROVIDED ENDING

NBC's Sunday night "Show of the Week" was the "Battle of the Paper Bullets," based on an actual Nazi scheme to destroy the economies of Britain and the

United States by turning out counterfeit pounds and dollars by the yard.

The idea had a fascinating potential; the play, alas, did not take advantage of it.

The United States Army — not the usual calvary, but an armored division — arrived in the nick of time to get the author off the hook and provide some sort of ending.

2 BEST SHOWS

The way the new shows are shaping up, the two most interesting entries this season are NBC's "Dick Powell Show," a smooth, highly professional anthology series which so far has featured both good scripts and good acting, and ABC's "Premiere," on which Fred Astaire plays host and which kicked off last week with an interesting if shocking drama.

"The Joey Bishop Show," which started out with a big audience — in a magnificent spot sand-

Nonmanufacturing industries showed a slight decline in the three states. The increases were laid to seasonal activities.

Thriftness Of People Has Savings Industry Worried

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP) — This is National Thrift Week and it couldn't come at a more ticklish time.

Those who should be happiest about it are worried. They fear the accent is going to be on spending, much as that will please a lot of people on the other, or selling, side of the fence.

True, people have been saving more of their net income after taxes than usual, especially when industry has recovered from a slump, when work weeks have lengthened, and more people are employed than awhile back.

The President's Council of Economic Advisers reports Americans were saving at an annual rate of \$25.8 billion in the April-June quarter.

SEE CHANGE IN HABITS

So you'd think the thrift industry would be happy. This industry roughly consists of those who offer a harbor for your savings, whether it be in bank accounts, insurance, pension reserves, savings and loan accounts, credit unions, federal savings bonds, or the many fields of investment open

to the small income family. But right now many of those who invite your savings—mostly with higher interest rates than just a few years back, and often with premiums and gifts—see a change under way in your habits.

They note that spending plans are hatching, if one can trust the various polls of consumer intentions. More concrete, they see installment debt turning up a bit after a period of decline. Some caretakers of your money report that withdrawals are running ahead of deposits.

STEPPING UP DRIVE

So the thrift industry is stepping up its promotional drive. Your banker grows friendlier all the time, and not just during National Thrift Week. Convenience is the slogan at many thrift institutions—the aim to make it as easy—almost—to save as to get into debt. And the interest rates paid on savings are in many instances as high as the local laws allow.

The sellers aren't idle either. Promotions for many items are gaining momentum as the cooler weather brings out the spenders, and as the industrial recovery puts more money in many

ITALIAN ACTOR HAS GREATER LOVE FOR U.S.

By BOB THOMAS
AP Movie-TV Writer
HOLLYWOOD (AP) — "Smog? I love it," said Rosanno Brazzi, breathing deeply. "It cleans out my lungs."

Greater love bath no transplanted Californian than that he can't even say a bad word about Los Angeles smog. That demonstrates the extent of the love affair between the suave Italian and his portion of Pacific shore.

He even goes so far as to say that if he had to choose between living in Hollywood or Rome, it would be "arrivederci, Roma."

"Yes, I know they won't like that in Rome," said Brazzi, "but I have reached the point in life where I say what I want."

WIFE LOVES STATE

"I love California because — well, first of all, because my wife loves it. But I also like the life here—it is like country living in the city. If you want to be alone, you can. If you want to play tennis, it is easy."

Fortunately, Brazzi doesn't have to make the choice between Beverly Hills and the Via Veneto. He continues to bounce back and forth between his \$650,000 apartment overlooking the Villa Borghese and his Canon Drive manse here, except that it is rented and he had to rent another house. He's at Warners finishing up "Lovers Must Learn," which began in Rome.

Brazzi indicated that Rome is fast becoming an American colony. He sometimes asks visiting friends, "Have you visited the Italian sector?"

MENUS ARE ENGLISH

He commented: "Even the menus in Rome are in English now, so I never know what I'm ordering there or here." He added that the Romans have gone all-out for another American institution: traffic.

"I said once that Rome would have to do away with the motor scooters, which were clogging the streets," he said. "When I went back 18 months later, the scooters were gone. Their drivers were

pockets.

Economists on the sidelines—that is, employed neither by banks nor consumer goods makers and sellers—say there is room for both in the present economy. Saving is essential to a healthy economy. And so is increased spending for economic growth. With national income rising, both are possible.

But since this is National Thrift Week, let's listen to a champion of thrift. He is C. Elwood Knapp, president of the United States Savings & Loan League, whose members want you to save more so they'll have more to lend to those who want to spend—for new homes or whatever.

RAISES STANDARDS

"The habit of saving money," he says, "is a vital double factor in raising our standard of living. It is the best means of bringing to each individual the things he wants most and, at the same time, his savings provide the capital needed for continued national economic growth."

That would seem to take care of both sides of the saving-spending business. But like many other businessmen, Knapp would like to see the government help by creating incentives.

"In a number of European countries," he notes, "the governments have encouraged thrift by allowing tax deductions for some amount that is saved or used for payment of life insurance premiums. Another widely used device is to make earnings on savings accounts tax free."

Adoula Opposes New Congo Pact

LEOPOLDVILLE, the Congo (AP)—Premier Cyrille Adoula, protesting the new U.N.-Katanga pact strengthens President Moise Tshombe, declared the central Congo government is still determined to take over the rich secessionist province.

The U.N. meanwhile got a warning from Tshombe that unless the U.N. Advisory Committee on the Congo ratifies the agreement, he will hold as hostages the 184 U.N. troops taken prisoner in the recent fighting.

Dr. Sture Linner, head of U.N. operations in the Congo, appeared harried after a heated two-hour conference with Adoula Sunday night.

A U.N. spokesman said Adoula was "not very happy" about the new cease-fire agreement signed Friday that, in effect, recognizes the right of Katanga to defend itself from attack by central government forces.

Adoula declared in a radio address that the Leopoldville government has a right to use "suitable means" to end Katanga's secession. He did not elaborate, but central Congolese forces are already massed on the Katanga Border.

all driving cars. They are absolutely mad. I wouldn't think of driving in Rome now."

Why do Americans fall in love with Rome? "Because Italians are basically happy people," Brazzi said.

He added a word of caution: Don't expect the libertine life as portrayed in "La Dolce Vita." "That is a fantasy," he said
